

SOFT & SERENE

An oil painting stands out against the pastel wall.

A stylish stand alone chair.

White Makrana marble lends a royal look to the floor.

INTERIOR DESIGNER KUMPAL
AGRAWAL LENDS A NEAT YET
CHIC LOOK TO THIS APARTMENT.

One gets a serene feeling on entering this elegantly-designed residence. The client's brief was to have a simple looking house, clean, easy to maintain, yet contemporary. "We used olive green, yellow and mushroom in this home and a whole lot of pastel colours," says designer Kumpal Agrawal. A bright painting in the living room stands out against the

light coloured walls. Kumpal used combination lighting to suit the requirements of the client: yellow lights for parties and white for regular use. The furniture in the flat is also a grouping of teakwood interspersed with wenge, ebony and beech veneer, while white Makrana marble for the flooring lends a royal look.
